

The future of the Christinastraat

Woonstichting **'thuis** rents social housing in Eindhoven and surrounding municipalities. **'thuis** intends to buy elementary school De Stolberg from the municipality. The former school is located behind two residential buildings of **'thuis**. The purchase of the elementary school in combination with the residential buildings offers opportunities to redevelop this area. This is an opportunity to give the neighborhood a major boost. Both with new residences and by improving the living environment. We would like to talk with you about this!
